Business Intelligence & Data Analyst | SQL | Power BI | Excel |
Python | Executive Reporting & Dashboard Development

Lagos, Nigeria | +234 901 659 3496 | [Email](#) | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Business Intelligence and Data Analyst with experience transforming operational, sales, customer, and marketing data into executive-ready dashboards and actionable insights. Skilled in SQL, Power BI, Excel, Python, and KPI reporting, with hands-on experience building reporting systems, analyzing customer behavior, tracking business performance, and supporting strategic decision-making. Strong background in both analytics and operations, allowing me to bridge technical analysis with business impact and stakeholder communication.

CORE COMPETENCIES

Analytics & Reporting:

Data Analysis | KPI Reporting | Trend Analysis | Customer Analytics | Marketing Analytics | Data Storytelling | Dashboard Development | Business Performance Analysis

Strategy & Business Development:

Strategic Planning | Demand Generation | Customer Insights | Relationship Management | Pipeline Management | Performance Reporting | Business Development | Data-Driven Decision

Technical:

Microsoft Excel | Power BI | SQL | Python | Tableau | Power Query | DAX | HubSpot CRM

PROFESSIONAL EXPERIENCE

DATA AND OPERATIONS ANALYST

Dylte Beauty and Wellness Company | Remote | Lagos, Nigeria | 2024–2026

- Analyzed sales, customer, marketing, and operational data to identify trends, performance gaps, and opportunities for business improvement.
- Built and maintained Power BI dashboards and KPI reporting systems to improve visibility into business and marketing performance.
- Developed reporting frameworks that translated business activities into measurable KPIs and actionable insights for leadership.
- Analyzed operational workflows to identify bottlenecks and recommend improvements to business processes and efficiency.

BRAND COMMUNICATIONS ASSOCIATE

Otsuka Nutraceutical Nigeria Limited | Lagos, Nigeria | NYSC

- Supported Pocari Sweat brand awareness initiatives across the health and fitness sectors, strengthening brand visibility and consumer engagement.
- Contributed to strategic planning and market development initiatives aimed at expanding brand presence within relevant Nigerian consumer segments.
- Coordinated collaborations, brand partnerships and sponsored events, engaging external stakeholders to strengthen market visibility and positioning.
- Monitored brand activities and prepared weekly performance reports to track initiatives and support performance evaluation.
- Managed multiple campaigns, partnerships and reporting responsibilities within a structured multinational environment.

FINANCIAL SECRETARY

NBSS Leadership Team | 2023–2024 | Volunteer

- Managed financial records and maintained accurate documentation of transactions and activities.

- Supported financial planning and monitoring, ensuring responsible tracking of funds and expenditures.
- Prepared financial updates and communicated financial information to team members and leadership.
- Collaborated with other student leaders to support the planning and execution of organizational activities.

SELECTED ANALYTICAL AND BUSINESS PROJECTS

EXECUTIVE BUSINESS REVIEW DASHBOARD

Excel | Power Query | Power BI

- Designed an executive dashboard analyzing **revenue, profit, customer performance, product profitability, regional trends, and operational metrics**.
- Developed interactive KPI scorecards to monitor performance and identified key revenue drivers and underperforming areas to inform business recommendations.

CUSTOMER RETENTION AND CHURN ANALYSIS

Excel | MySQL | Power BI

- Analyzed **2,576 customers and 6,543 orders** to evaluate retention, churn risk, repeat purchase behavior, and revenue contribution.
- Identified that repeat customers generated **81.04% of total revenue** and developed an interactive Power BI dashboard with recommendations to support retention-focused decisions.

SALES & MARKETING PERFORMANCE DASHBOARD

Power BI | DAX

- Designed an interactive dashboard to evaluate sales trends, marketing performance, and campaign impact.
- Created KPI visuals and filters to highlight performance patterns, track growth, and support better business decisions.
- Used data storytelling principles to present insights in a way that is clear for non-technical stakeholders.

CLIENT LIFECYCLE CRM AND PIPELINE OPTIMIZATION

HubSpot CRM

- Managed a **\$42M fundraising pipeline**, structuring deal stages, contact tracking, and follow-up workflows.
- Improved visibility across the client lifecycle through structured CRM data, pipeline monitoring, and organized follow-up processes.

EDUCATION

BACHELOR OF SCIENCE (B.Sc.) IN BIOCHEMISTRY - FIRST CLASS HONORS

Landmark University | 2020–2024

CGPA: 4.52/5.00

- Graduated with First Class Honors and recognized on the Dean's List for outstanding academic performance.
- Co-authored a peer-reviewed publication on Puerarin and NRF2-mediated protection against oxidative damage.
- Conducted structured research examining oxidative stress mechanisms and synthesized evidence across multiple disease models.
